

Brampton Kitchen Layout Decision Worksheet

Answer 6 questions, then circle the layout that matches your scores

Section 1: Measure your space

1 How wide is the room from one cabinet wall to the opposite wall, in feet?

Your answer: _____

2 How long is the longest counter run that has cabinets?

Your answer: _____

3 How many doorways open into the kitchen, and from which sides?

Your answer: _____

Section 2: How you live in the kitchen

4 How many people cook in the kitchen at the same time most weeks?

Your answer: _____

5 Do you need stool seating in the kitchen for breakfast and homework? How many seats?

Your answer: _____

6 Is the kitchen open to a great room, or closed off as its own room?

Your answer: _____

Section 3: Read your answers

IF YOU ANSWERED MOSTLY...

A: width 12 ft plus, open floor

B: width 9 to 11 ft, one wall ends

C: width under 9 ft, narrow run

THE LAYOUT THAT FITS

KITCHEN ISLAND

PENINSULA

GALLEY (NO ISLAND)

WHY

Room to walk around all four sides

Anchors to a wall, saves clearance

Adding either blocks the only walkway
