

Kitchen and Bath Reno - Oakville and GTA kitchen guide

### Your situation and the move to make

#### **Biggest single win**

Add or enlarge a window, ideally over the sink or on a sunny wall

#### **No wall to spare**

Add a skylight or a tubular light tube to bring daylight from above

#### **Free and instant**

Swap heavy window coverings for sheer or none, and clean the glass

#### **Bounce it around**

Choose pale walls and cabinets and a light, semi-gloss finish

#### **Push light deeper**

Use a glossy backsplash and a reflective or light quartz counter

#### **Open the view**

Remove a bank of upper cabinets or open a wall to the next room

#### **Bring the outside in**

Swap a solid back door for a glass or patio door

**Want a brighter kitchen? Kitchen and Bath Reno plans daylight into every GTA design.**
