

# Floating Vanity: A Quick Yes or No Checklist

Kitchen and Bath Reno - Oakville and GTA bathroom guide

## Your situation and the usual answer

### **You want the room to feel bigger**

Yes - the open floor beneath tricks the eye into seeing more space

### **You like a clean modern look**

Yes - a wall-hung cabinet is the signature of a contemporary bathroom

### **You hate cleaning around a vanity base**

Yes - a mop glides straight under it

### **You need every cubic inch of storage**

Maybe not - a floor cabinet holds more; add a tall linen unit instead

### **Your wall is old lath or hollow**

Not yet - the wall needs solid blocking added first

### **You want the cheapest possible install**

Not usually - wall reinforcing and in-wall plumbing add labour

### **You are doing a small powder room**

Yes - this is where floating vanities shine
